With over 170 films from 26 countries, what's not to like. There's still plenty of events left on AIFF's calendar: OutFest, Cine Espanol and Snowdance. Snowdance is a category screening films featuring Alaska. The goal of AIFF is to support and promote independent film and video artists while establishing a dynamic showcase of compelling films that will provoke, entertain and educate our audiences. The Anchorage International Festival (AIFF) is a program of the Alaska Moving Image Preservation Association (AMIPA), a 501(c) (3) nonprofit corporation.
